FLEXCOURT
our court. your game.

Multi-purpose is the name of the game these days. Designed for multi-use, **Flex Court** indoor performance flooring options, **HardwoodPrime™**, **IndoorChoice™** and **IndoorPrime™**, transform your home, school, church or recreational facility into joint friendly surfaces for basketball, volleyball, futsal, handball and even inline hockey. Great for a garage/rec room makeover too - providing a non-skid, waterproof flooring solution that also reduces noise. Our **UV Flexshield™** surface technology extends the life of the floor for a lower maintenance cost.

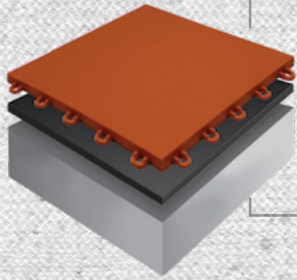

**Multi-Purpose Is
The Name Of The Game**

INDOOR CHOICE™

INDOOR PRIME™

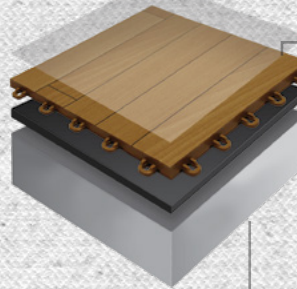

HARDWOOD PRIME™

IndoorChoice™ - High impact polypropylene court flooring

Rubber Underlayment - 2mm, 3mm or 4mm fatigue reducing, sound-absorbing rubber pad

Rubber Underlayment - 2mm, 3mm or 4mm fatigue reducing, sound-absorbing

Concrete Base

Give your gym the look and feel of a premium sport surface. IndoorPrime™ and HardwoodPrime™ with NEW UV Flexshield™

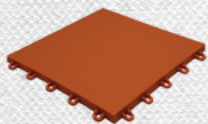

Getting a color scheme that you like is easy with **FlexCourt** modular indoor flooring. **HardwoodPrime™** comes in 4 wood choices. **IndoorChoice™** and **IndoorPrime™** come in 20 standard colors. FlexCourt modular mat flooring also has great color choices. **AerobiFlex™** comes in 9 standard colors and RubberFlex™ comes in 8 special colors including solid black. Talk to us about your favorite color combinations. We can create customer designs and logos for your courts.

AT FLEX COURT, ATHLETES CLICK.

Available Colors

INDOOR CHOICE

Heavy gauge finish, highest density in the market makes it stronger than any modular tile floor in its class.

No wax finish eliminates the need to re wax and refinish the floor.

Low maintenance cost saves you money.

Highest performance-to-price ratio in its class.

Vertical and lateral forgiveness helps reduce fatigue and stress on joints.

Retrofits over existing floors, installs very quickly for less downtime.

INDOOR PRIME

Same characteristics as IndoorChoice™ with added benefits of Flexshield™.

HARDWOOD PRIME

Attractive, gives your gym the look and feel of a genuine hardwood court. Choice of Maple, Oak, Cherry or Walnut.

UV Flexshield™ Factory-applied and UV cured coating extends the life of the floor.

Fast to install & low-maintenance Reduced upfront construction costs along with low cost of ownership.
