FLEXCOURT
our court. your game.

Retrofit Existing Court Surfaces

Our courts eliminate the need to resurface year after year. Stop spending countless dollars on replacement and go with a **FlexCourt®** tennis court. Simply fill the cracks in your existing surface and install our patented, interlocking tiles. Enjoy your all-new tennis court for 30+ years — warranted by a 16-year warranty.

The European influences DIN tested FlexCourt

Before

After

Our tennis surface is designed to withstand use more than 30+ years and has become the most innovative tennis court system in the world.

**As reported in the American Journal of Medicine*

Full Design and Build Services

We design and build custom courts for every type of application and location. Customize your own backyard court or restore your existing cracked and worn-out court. Retrofit and give your asphalt courts a brand-new look.

Unparalleled Traction

ProStep™ — Our most popular court tile — is designed for more aggressive players and features our superior traction system for realistic tennis ball response.

- Industry-leading traction design
- UV/AO Stabilizer for best color fastness
- True 3/4" design for highest Flexion rating
- Lateral forgiveness to reduce strain
- Patented surface expansion technology

Advantage FlexCourt®

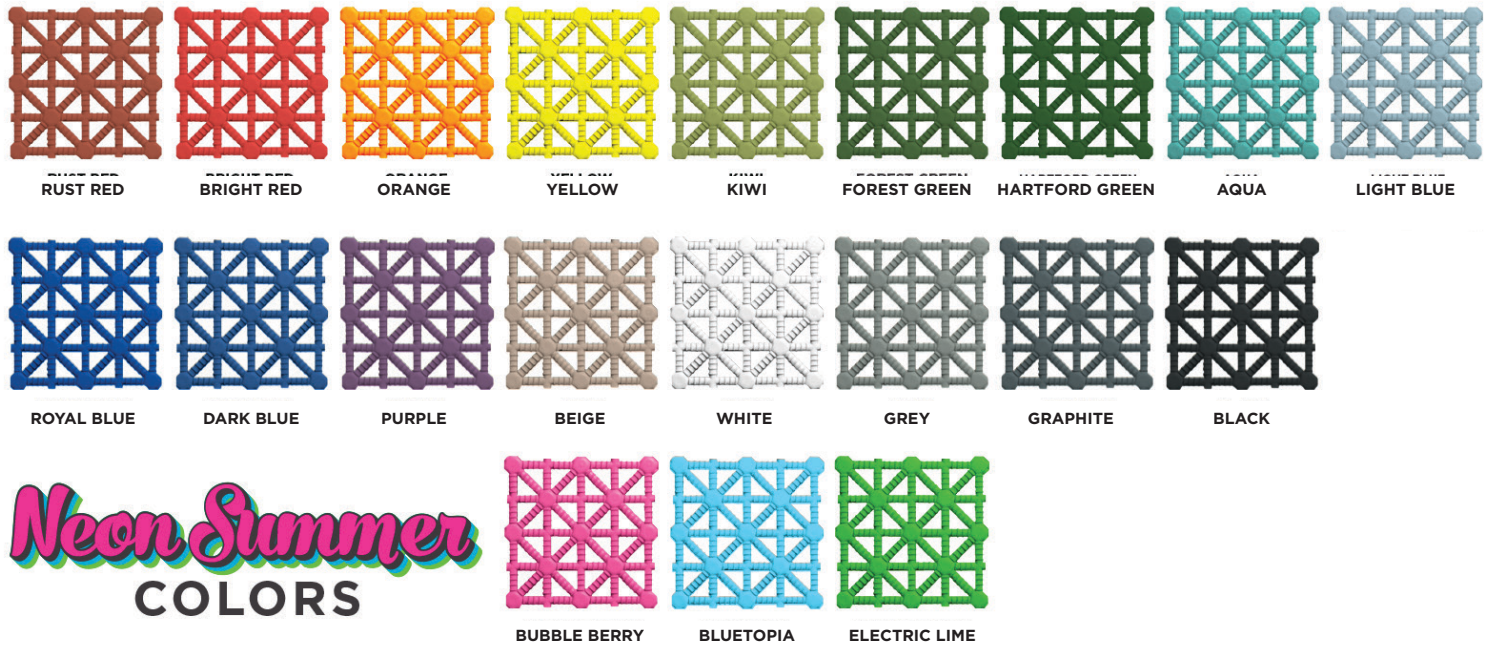

- **ALL-WEATHER COURT** – Only court surface specifically designed to expand and contract to fit every climate
- **SHOCK ABSORPTION** – True 3/4" thick shock-absorbing surface
- **FAST INSTALLATION** – Installs quickly over existing or new surface (one day or less per court)
- **REDUCED MAINTENANCE** – Covers existing cracks — no resurfacing or painting ever
- **BEST TENNIS PLAY** – Only surface that is designed with tennis play in mind, provides surface that plays very similar to a clay court
- **SELF-DRAINING** – Fast drying, no standing water, play quickly after it rains (all-weather, self-draining court)
- **REDUCED HEAT** – Lower surface temperatures
- **16-YEAR WARRANTY** – Over 30-year life expectancy, highest performance-to-price ratio in the market.

16
YEAR

WARRANTY

Professional to the Backyard

Certified tennis instructors around the world agree **FlexCourt®** is an ideal court for players of all ages and range of play. Whether you are looking to develop your game or simply enjoy more playing time, our state-of-the-art tennis surface will help you accomplish the level of play you are striving to reach. If you are looking to update your old, drab tennis court or build a court for your back yard or your commercial park or facility, our courts are designed to fit any budget.
