

Join America's Fastest Growing Sport with FlexCourt!

Take your pickleball game outdoors with EliteStep™, the largest, most joint-forgiving tile on the market from FlexCourt®. These brand-new outdoor tiles are 40% larger than our competitors', making them the largest in the industry with superior bounce and rebound! Plus, our specially engineered texture offers enhanced traction, playability, and reduced stress on joints — extend your playing time with unparalleled horizontal and lateral forgiveness! EliteStep™ includes a market-leading UV resistance package and drains quickly, making it perfect for all seasons with little to no maintenance.

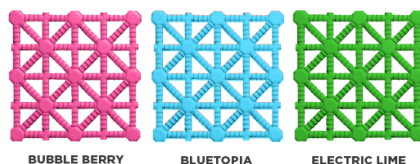

What makes our pickleball courts the best?

- Largest, most forgiving court on the market — 40% larger tiles than our competitor
- Enhanced traction for safety with textured court, playability, safety, cushion to extend court time, and horizontal/lateral forgiveness
- Reduced stress in joints
